R Markdown

This is an R Markdown presentation. Markdown is a simple formatting syntax for authoring HTML, PDF, and MS Word documents. For more details on using R Markdown see <http://rmarkdown.rstudio.com>.

When you click the **Knit** button a document will be generated that includes both content as well as the output of any embedded R code chunks within the document.

Overview

- Mathematical Optimization
- Mixed-Integer Programs
 - Examples

Overview of Mathematical Optimization

Mixed-Integer Programs

$$\begin{array}{ll}\max & f(x) \\ \text{s.t.} & g(x) \leq 0 \\ & x \in \mathbb{R} \times \mathbb{Z}\end{array}$$

Portfolio Optimization

Traveling Salesman Problem

- [TSP wikipedia page](#)

The travelling salesman problem (TSP) asks the following question: Given a list of cities and the distances between each pair of cities, what is the shortest possible route that visits each city exactly once and returns to the origin city?

TSP example with 10 cities

Add distance to the figure
